Three freight trains operate daily in both directions between Stralsund (N 55/P 44) and the Isle of Ruegen. No noteworthy freight shipments were observed during September. *

25X1A * [] Comment. Traffic to Sassnitz (N 55/P 87) on the Isle of Ruegen is maintained over the so-called Ruegen dam. See (Trans Eval) J 445. The line is of interest for the Soviets inasmuch as it is a feeder line for Soviet shipping in the Baltic Sea which uses the ports on the Isle of Ruegen.
